Golden Eagle Wheel Rake

**Cut fuel bills
by 1/3!**

BIGGER, BETTER, STRONGER, FASTER & MORE VERSATILE!

- 24 wheels quickly & gently merge 3 cuts into 1 or 2 uniform windrows.
- Revolutionary depth bands keep tines out of dirt for cleaner, fluffier hay.
- Built tough with heavy-duty steel, extra plating, gussets & supports.
- Pull with a tractor or pickup & then fold up for fast highway-legal travel.
- Rake with good results even in high or low moisture conditions.

2005 Super Conditioner

**Make \$40
more per ton!**

Don't get caught with your hay down. Instead, use our new 2005 model of the Super Conditioner to dry your hay up to twice as fast.

New research shows cows can produce up to 300 pounds more milk per ton of hay when the hay is dried down faster.

The Super Conditioner literally pays for itself several times each year!

American Eagle Stacker

**Cut fuel &
labor in half!**

- The safest, quickest, most versatile big-bale stacker on the market.
- Quick, durable operation preferred by many large bale producers & custom operators throughout the US and Canada.
- Available on used and new trucks.
